## Report on Teaching Learning Platforms

The Teaching-Learning Platforms Faculty Development Program was conducted on 19/07/19 to 23/07/19, led by Dr. Tripta Parmar, aimed to enhance faculty members' proficiency in using technology-enabled platforms for effective teaching and learning. Participants developed a deeper understanding of pedagogical principles for online teaching and were able to design engaging and interactive learning experiences for their students. Faculty members reported increased student engagement and participation in online courses, leading to improved learning outcomes.

The objectives of the FDP included familiarizing faculty members with various teaching-learning platforms and their features, enhancing their understanding of the pedagogical principles underlying effective use of technology in education, and enabling them to design and deliver engaging and interactive online learning experiences. The program successfully improved faculty members' skills and knowledge in utilizing technology for teaching, underscoring the importance of continuous professional development in helping educators adapt to evolving educational landscapes and deliver effective online learning experiences.

## **Report On Role of Language Laboratory in Developing Language Skills**

Five-Days Workshop 01-10-2019 to 05-10-2019 was organized on Role of Language Laboratory in Developing Language Skills. Sh. C.P. Narang (Principal, Sh. B.L. Vikas Mandir Sen. Sec. School, Abohar) was the guest speaker of the workshop. He explained that language labs are becoming highly valued because they offer students a structured eLearning environment that is successful and reliable. New technologies are increasingly more present in classrooms as they facilitate the teacher's role in creating a more attractive learning environment for the student and can offer their students more practice hours and up-to-date exercises than can be found in language books. A formal vote of thanks was proposed by Dr. G.L Sharma on the behalf of faculty members.

## Report on Training in BUSY Software

One of the factors about Busy Software is that, regardless of size and scale all organizations are required to keep track of their finances, transactions and budgets, as well as maintain and issue accounts, all of which require trained staff. In order to address the need of non - teaching staff in the institution and leverage our non - teaching experience in E-Governance, Syon College, Abohar conducted six day training of "Busy Software" from 17.01.2020 to 22.01.2020. The online preparation of E-Governance and BUSY Software were discussed briefly by Ms. Kunika Aggarwal. Administrative staff actively participated in training and enhanced their knowledge and skills regarding preparations of BUSY Software and its maintenance and also learn that how to use this software to maintain record of the institution.

## Report on Research Methodology

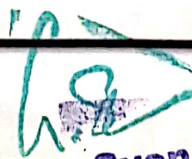

The Research Methodology Faculty Development Program was conducted on dated 29/07/2020 to 02/08/2020, resource person led by Dr. Sarabjit Kaur, aimed to enhance the research skills and knowledge of faculty members across various disciplines. Participants demonstrated an increased ability to conduct research independently or as part of a team, resulting in a higher number of research publications, grants, and conference presentations. Faculty members also reported an improved understanding of research methodologies, enabling them to design rigorous studies, collect high-quality data, and conduct comprehensive data analysis. The FDP's objectives included enhancing participants' understanding of both qualitative and quantitative research methodologies, strengthening their skills in research design, data collection, analysis, and interpretation, and enabling them to critically evaluate research studies and effectively communicate research findings. The program successfully empowered faculty members to conduct rigorous and impactful research, underscoring the importance of continuous professional development in promoting high-quality research in academic institutions.

## Report on National Intellectual Property Awareness Programme

The National Intellectual Property Awareness Programme Faculty Development Program was held on 02/02/2022 to 08/02/2022 aimed to enhance faculty members' understanding and awareness of intellectual property (IP) rights and their implications in academic and research activities. The resource person was Dr. Kamla. This report provides an overview of the FDP. Faculty members reported an improved understanding of intellectual property concepts, including the different types of intellectual property rights and their protection mechanisms. Faculty members were able to navigate intellectual property considerations in their research activities, resulting in improved management of intellectual property assets and collaborations with external partners.

The objectives of the FDP were as follows:

- Increase IP Awareness
- Educate on IP Protection
- Empower Faculty

The National Intellectual Property Awareness Programme Faculty Development Program successfully enhanced faculty members' understanding and awareness of intellectual property rights and their implications in academic and research activities. The program's positive outcomes and impacts highlight the importance of fostering an intellectual property culture within academic institutions and equipping faculty members with the necessary knowledge and skills to protect and manage their intellectual property assets effectively.

## Report on online workshop on comprehensive e-learning to e-training Guide for administrative

Five-Day (22/07/2021 to 26/07/2021) online workshop organized on comprehensive e-learning to e-training guide for administrative. Dr. Disha Sachdeva, said that E-learning is a formalized way of teaching-learning but with the use of electronic resources. With the onset and advancement of technology, the concept of e-learning is fast gaining pace and momentum thus making it widely acceptable by people from all walks of life. Owing to the COVID-19 pandemic which has resulted in the temporary closure of educational institutions across the globe, e-learning is one arena which has remained unaffected and instead has witnessed an exponential increase in it. More so, with the Ministry of Human Resource Development (MHRD), Government of India, launching an initiative like 'Digital India' and the recently launched 'Bharat Padhe Online' campaign to sensitize and digitize India about the need for online education, it is the need of the hour for all educational institutions to facilitate dissemination of knowledge through e-resources.

## Report on Soft Skill and Research Methodology

Soft skills and research methodology are crucial for the professional development of faculty members in higher education institutions. Recognizing their significance, a Faculty Development Program (FDP) was conducted on 16/06/2022 to 20/06/2022, led by Dr. Suresh Sharma, to enhance participants' knowledge in these areas. The FDP provided a platform for participants to interact with peers from diverse disciplines and institutions, facilitating networking, collaboration, and the exchange of ideas and research experiences. This motivated participants to initiate or advance their research endeavors, leading to new research projects and progress on ongoing ones. Some participants even successfully published their research in reputed journals. The FDP aimed to develop and strengthen participants' soft skills, such as communication, teamwork, leadership, problem-solving, and time management, while also enhancing their understanding of research methodology, including research design, data collection, analysis, and publication. Practical guidance was provided on applying these skills in academic and research settings. By fostering a collaborative learning environment, the program facilitated knowledge sharing and networking among participants. The FDP equipped faculty members with the necessary skills to conduct quality research and contribute to academic scholarship, ultimately promoting their professional growth. By developing soft skills and research competence, participants can advance their careers, improve their teaching practices, and contribute actively to academic scholarship. Continued support, networking opportunities, and institutional commitment are essential to sustaining the impact of the FDP and fostering a culture of research excellence among faculty members.

## Report on Use of ICT Tools for Effective Learning Teaching

Faculty Development Program (FDP) on the effective use of Information and Communication Technology (ICT) tools for teaching and learning was conducted on dated 18/07/22 to 22/07/2022. The FDP aimed to equip faculty members with the necessary skills and knowledge to integrate ICT tools into their pedagogical practices, enhance student engagement. The resource person was Dr. Sonika Narang. At the end of the FDP, participants were given a feedback survey to assess the effectiveness of the program. The majority of participants expressed high satisfaction with the content, delivery, and relevance of the sessions.

The objectives of the FDP were as follows:

- Familiarize faculty members with a range of ICT tools applicable to different subject areas.
- Demonstrate the effective integration of ICT tools into instructional strategies.
- Provide hands-on training and practice opportunities for faculty members to develop their technological proficiency.
- Promote collaboration and sharing of best practices among participants.

The Faculty Development Program on the effective use of ICT tools for teaching and learning proved to be highly beneficial for faculty members. By equipping participants with the necessary skills and knowledge, fostering collaboration, and providing ongoing support, the FDP facilitated the integration of ICT tools into pedagogical practices, resulting in improved teaching effectiveness and enhanced learning experiences for students. The program's success highlights the significance of continuous professional development initiatives to keep educators abreast of emerging technologies and pedagogical approaches.

## Report on Yoga for Health, Fitness and Immunity

Yoga is an ancient practice that promotes holistic well-being and has gained significant recognition for its positive impact on physical, mental, and emotional health. Recognizing the importance of yoga in promoting health, fitness, and immunity, a workshop was conducted on 11/07/22 to 15/07/22 for faculty members to enhance their understanding and application of yoga techniques. Faculty members gained a deeper understanding of the principles, philosophy, and scientific basis of yoga, fostering a holistic approach to health and well-being. The resource person was Mr. Harbans Kataria. Faculty members learned mindfulness techniques and relaxation exercises that helped reduce stress, improve focus, and enhance mental well-being.

The workshop on Yoga for Health, Fitness, and Immunity aimed to achieve the following objectives:

- Introduce faculty members to the fundamental principles and philosophy of yoga.
- Familiarize participants with various yoga asanas (postures) and pranayama (breathing techniques) that enhance health, fitness, and immunity.
- Educate participants about the scientific evidence supporting the benefits of yoga in improving physical and mental well-being.
- Provide practical guidance on incorporating yoga practices into daily routines to promote a healthy lifestyle.
- Offer a platform for participants to share their experiences and challenges in implementing yoga techniques.

The faculty workshop on Yoga for Health, Fitness, and Immunity provided faculty members with valuable knowledge, skills, and practical techniques to enhance their personal well-being and promote a healthy lifestyle. By integrating yoga into their daily routines and teaching methodologies, faculty members can serve as role models for students and contribute to creating a positive and nurturing learning environment. Continued support and engagement are essential to sustaining the impact of the workshop and fostering a culture of well-being within the institution.
